HABITS OF SUCCESS

- ❖ Be at school and be on time
- ❖ Be respectful of others
- ❖ Take responsibility for your actions
- ❖ Persevere
- ❖ Strive for accuracy
- ❖ Engage positively

Passion Projects

Our specials teachers are collaborating with third through fifth-grade students on projects that align with student interests. Working on projects that interest students allows them to explore topics that they are passionate about, which can foster a love for learning and encourage them to pursue further studies or careers in those areas. We eagerly anticipate the creative ideas that will emerge.

- *As the field trip date approaches, teachers will provide more comprehensive details regarding the trip.
