The Board is committed to assessing its own performance as a Board through annual assessments in May to identify its strengths and areas in which it may improve its functioning. Directors will establish goals strengthening performance based upon the Board's annual assessment to measure its performance, effectiveness, and improvement in meeting Board performance goals. Results, progress, and corrective actions in meeting established Board performance goals will be reported each year at the Board Retreat.

To that end, the President/Chief Executive Officer shall establish a procedure.
